

KeyListener

```
classDiagram
    class KeyListener
    class ViewDirectionKeyListener["View.Direction_KeyListener"]
    ViewDirectionKeyListener --|> KeyListener
```

The diagram illustrates a class hierarchy. At the top is a white rectangular box with a thin gray border containing the text "KeyListener". Below it is a gray rectangular box with a thick black border containing the text "View.Direction_KeyListener". A solid blue arrow points vertically from the top center of the gray box to the bottom center of the white box, indicating that "View.Direction_KeyListener" inherits from "KeyListener".

View.Direction_KeyListener
